Independent Auditor's Report

To the Board of Directors
Miles of Hope Breast Cancer Foundation, Inc.
LaGrangeville, New York

Report on the Financial Statements

We have audited the accompanying financial statements of Miles of Hope Breast Cancer Foundation, Inc. which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Miles of Hope Breast Cancer, Inc. as of December 31, 2014 and 2013, and the changes in the net assets, functional expenses and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

MILES OF HOPE BREAST CANCER FOUNDATION, INC.
LAGRANGEVILLE, NEW YORK

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Miles of Hope Breast Cancer Foundation, Inc. (the Foundation) is a New York not-for-profit corporation that was formed on May 28, 2004. It provides funding to non-profit organizations for support services and outreach for people affected by breast cancer in the Hudson Valley, New York area. The Foundation is supported mainly through fundraising events and contributions.

Income Taxes

The Foundation is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code. The Foundation evaluates all significant tax positions as required by generally accepted accounting principles in the United States and the tax laws that govern organizations exempt from income tax. As of December 31, 2014 and 2013, the Foundation does not believe that it has taken any tax positions that would jeopardize its tax exempt status or that would require the recording of any tax liability. The Foundation's information Exempt Tax filings are subject to examination by the appropriate federal and state jurisdictions. As of December 31, 2014, the Foundation's federal and state informational tax exempt filings generally remain open for the last three years.

Basis of Accounting

The accompanying financial statements of the Foundation have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Unrestricted Net Assets

Unrestricted net assets are net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Temporarily Restricted Net Assets

Temporarily restricted net assets are net assets subject to donor-imposed stipulations that may or may not be met either by actions of the Foundation and/or the passage of time. The Foundation did not have any temporarily restricted net assets as of December 31, 2014 and 2013.

Permanently Restricted Net Assets

Permanently restricted net assets are net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donors of these assets permit the Foundation to use the income earned on the related investments for specific purposes. The Foundation did not have any permanently restricted net assets as of December 31, 2014 and 2013.

Revenue Recognition

All contributions and grants received are recorded as unrestricted or temporarily restricted support, depending on the existence and/or nature of any donor restrictions. Support that is not restricted by the donor is reported as an increase in unrestricted net assets. The Foundation has not received any support that would be classified as permanently restricted.

All donor-restricted support is reported as an increase in temporarily restricted net assets. When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES - CONT'D

Cash and Cash Equivalents

For purposes of the statement of cash flow, the Foundation considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Promises to Give

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. Promises to give for the years ended December 31, 2014 and 2013 were \$2,000 and \$1,000, respectively.

The Foundation uses the allowance method to determine uncollectible unconditional promises to give. The allowance is based on prior years' experience and management's analysis of specific promises made. There was no allowance for uncollectible promises to give at December 31, 2014 and 2013.

Property and Equipment

Property and equipment are stated at cost. Expenditures for repairs and maintenance are charged to expense, and renewals and replacements are capitalized. Depreciation for financial reporting purposes is provided on the estimated useful lives of the assets using straight-line and declining balance methods whose results approximate those required for accounting principles generally accepted in the United States of America.

Investments

The Foundation has adopted FASB ASC 958-320-50 which requires entities to report investments in the statement of financial position at fair value and report realized and unrealized gains and losses in the statement of activities and changes in net assets.

Donated Materials, Services, and Facilities

During the years ended December 31, 2014 and 2013, the value of contributed materials, services, and facilities meeting the requirements for recognition in the financial statements was \$144,215 and \$147,875, respectively. These services were valued at \$20 per volunteer hour.

Concentration of Credit Risk

The Foundation maintains demand deposits with financial institutions. From time to time, cash balances in these accounts may exceed federally insured limits. At December 31, 2014 there were no cash balances over the FDIC limit.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES - CONT'D

Fair Value of Financial Instruments

The Foundation has a number of financial instruments, none of which are held for trading purposes. The Foundation estimates that the fair value of all financial instruments at December 31, 2014 and 2013 does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying statement of financial position. The estimated fair value amounts have been determined by the Foundation using available market information and appropriate valuation methodologies. Considerable judgment is necessarily required in interpreting market data to develop the estimates of fair value, and, accordingly, the estimates are not necessarily indicative of the amounts that the Foundation could realize in a current market exchange. The Foundation's financial instruments, principally cash equivalents, investments, promises to give, and accounts payable, are carried at cost which approximates fair value due to the short-term maturity of these instruments.

Advertising Costs

The Corporation expenses the costs of advertising and promotions over the period the advertising is in effect. Advertising expenses for the years ended December 31, 2014 and 2013 was \$6,499 and \$5,240, respectively.

Functional Expenses

Functional expenses include direct expenses incurred by programs. All other expenses are deemed to be administrative.

Programs

The Foundation's major programs consist of the following:

- Healing Vibrations - providing a classical chamber ensemble at the Dyson Center for Cancer Care at Vassar Brothers Medical Center for patients receiving chemotherapy and radiation treatment.
- Scholarships for area high school seniors whose lives have been affected by breast cancer.
- Medical Gap Care Fund for individuals who are faced with life emergencies and/or costs not covered by health insurance while they are undergoing treatment for breast cancer.
- Peer to Peer - a program uniting recently diagnosed breast cancer patients with trained survivors.
- St. Francis Hospital Grants - grants to the Hospital for items and appliances for the lobby of the new Cancer Center as well as to help fund a reflexology, and reiki program.

Subsequent Events

These financial statements have evaluated subsequent events through August 26, 2015, the date the financial statements were available to be issued.

Reclassification

Certain of 2013 expense classifications have been changed to conform to the 2014 classifications of the Statements of Activities and Statements of Functional Expenses.

NOTE 2 - ENDOWMENT FUNDS

General Details

The Foundation's endowment consists of three Board-designated individual funds established generally to support the Foundation's stated missions and various programs. As required by U.S. GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. As of December 31, 2014 and 2013, the Foundation did not have any donor-restricted endowment funds. As such, the Board-designated endowment funds are classified as unrestricted net assets.

NOTE 2 - ENDOWMENT FUNDS - CONT'D

Interpretations of Relevant Law

On September 17, 2010 the State of New York enacted the New York Prudent Management of Institutional Funds Act (NYPMIFA, the "Act"), a modified version of the Uniform Prudent Management of Institutional Funds Act, which superseded the State of New York Uniform Management Institutional Funds Act. The Act provides specific guidance regarding investment management and spending policies related to funds donated as "endowment" to Miles of Hope Breast Cancer Foundation, Inc. Among its many provisions, the Act promotes a total return approach to spending, with the goals of investing at a rate that will preserve the purchasing power of the principal over the long term as well as spend rate that, over the long term, will reflect the donor's intentions. The Act requires the Foundation to establish written investment and spending policies to ensure compliance with the Act. The Foundation will consider the following factors in making a determination regarding the Board-designated endowment funds:

1. The duration and preservation of the endowment fund
2. The purposes of the Foundation and the endowment fund
3. General economic conditions
4. The possible effect of inflation or deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Foundation
7. Where appropriate and circumstances would otherwise warrant, alternatives to expenditure of the endowment fund, giving due consideration to the effects that such alternatives may have on the Foundation
8. The investment policy of the Foundation

In addition, the Act establishes that a yearly spend of more than 7% of an endowment's market value creates a rebuttal presumption of imprudence.

Endowment Net Assets are comprised as follows:	<u>2014</u>	<u>2013</u>
Miles of Hope Breast Cancer Foundation Fund	1,319,383	1,384,588
Miles of Hope Robin's Fund	45,295	43,872
Betty Howard Fund	18,828	21,088
Grant Fund	30,145	0
Michael Benecke Scholarship Fund	11,450	0
Scholarship Fund	0	500
Total Endowment Funds	<u>1,425,101</u>	<u>1,450,048</u>
Changes in Endowment Net Assets are as follows:	<u>2014</u>	<u>2013</u>
Endowment Net Assets, Beginning of Year:	1,450,048	861,143
Investment Return:		
Investment Income	30,097	17,726
Net Unrealized Gains	24,643	205,792
Total Net Investment Return:	<u>54,740</u>	<u>223,518</u>
Contributions	206,790	384,600
Appropriation of Endowment Assets for Expenditure:	<u>(286,477)</u>	<u>(19,213)</u>
Endowment Net Assets, End of Year:	<u>1,425,101</u>	<u>1,450,048</u>

NOTE 2 - ENDOWMENT FUNDS - CONT'D

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the Board of Directors, the endowment assets are held by third parties who invest the assets in a manner that is intended to produce results that exceed the price and yield results of respective industry bench-marks while assuming a moderate level of investment risk. The Foundation has no formal expectations for its endowment funds' performance, but it is anticipated to achieve a stable and healthy rate of return from year to year.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital gain appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objective within prudent risk constraints. Specifically, the Foundation utilizes an overall portfolio diversification of approximately 70% equity and 30% fixed income securities comprising the endowment funds.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Foundation has no formal spending policy; however, the Foundation generally expends all investment earnings and realized gains it receives on program activities. Because the endowment funds are not comprised of any donor-restricted assets, the principal and all earnings are classified as unrestricted net assets. Therefore the entirety of the endowment funds are available for the broad purpose of the Foundation's mission. Distributions are made at the discretion of the Board of Directors when determining the annual budget which makes considerations for the long-term expected returns. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to continue to grow annually while satisfying the needs of the community at large. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity as well as to provide additional real growth through new gifts and investment returns.

NOTE 3 - FAIR VALUE MEASUREMENT

Select categories of the Foundation's assets are classified by Fair Value Measurements which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

1. Level 1 inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

NOTE 3 - FAIR VALUE MEASUREMENT - CONT'D

2. Level 2 inputs to the valuation methodology include:
- i. Quoted prices for similar assets or liabilities in active markets;
 - ii. Quoted prices for identical or similar assets or liabilities in inactive markets;
 - iii. Inputs other than quoted market prices that are observable for the asset or liability;
 - iv. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

3. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Endowment Funds: Valued at the net asset value ("NAV") of shares held by the Foundation at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Quoted Prices In Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Domestic Equity Investments	641,072	0	0	641,072
International Equity Investments	352,402	0	0	352,402
Income Investments	5,816	0	0	5,816
Dimensional Money Market	425,811	0	0	425,811
Total Investments	1,425,101	0	0	1,425,101

NOTE 3 - FAIR VALUE MEASUREMENT CONT'D

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Quoted Prices In Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Domestic Equity Investments	747,972	0	0	747,972
International Equity Investments	307,504	0	0	307,504
Income Investments	5,970	0	0	5,970
Dimensional Money Market	388,602	0	0	388,602
Total Investments	1,450,048	0	0	1,450,048

NOTE 4 - RESTRICTED NET ASSETS

As of December 31, 2014 and 2013 permanently and temporarily restricted net assets were \$0.

Net assets were released from donor restrictions by incurring expenses satisfying the purpose or time restrictions specified by the donors as follows:

	2014	2013
Millbrook Tribute Garden	15,000	0
Other Programs	0	1,000
Restricted Income	1,525	5,000
Jane W. Nuhn Trust	0	10,000
Jeannette Scholbach Charitable Trust	10,000	0
Community Foundation of HV	0	872
McCann Charitable Trust	10,000	0
Total Net Assets Released From Restrictions	36,525	16,872
