

Miles of Hope Breast Cancer Foundation

Our Impact in Dutchess County for Over 20 Years

For two decades, the **Miles of Hope Breast Cancer Foundation** has been a pillar of support for individuals and families in Dutchess County affected by breast cancer. Our mission is to ensure that no one in our community faces this battle alone, and we're proud of the meaningful impact we've made.

Financial Support for Patients:

Through grants and scholarships, Miles of Hope has provided crucial financial assistance to Dutchess County residents:

\$1,268,700

Grants to Dutchess County (20 years)

\$429,550

Scholarships Awarded (20 years)

**total for all 9 counties*

Medical Gap Care Fund:

Our **Medical Gap Care Fund**, helps people in treatment with their bills and finances: rent/mortgage/housing; utility/car/phone bills; food, gas, transportation to and from treatment. Common requests in Dutchess County include groceries, transportation, utilities, housing, and medical costs.

MOH provided grants to hospitals and nonprofits in Dutchess County for:

Educational materials for newly diagnosed patients

Massage and exercise therapy, reflexology, and reiki programs

Transportation and meals for families affected by breast cancer

Community Fundraisers:

We are grateful to the schools, businesses, and organizations that have raised funds to support our mission over the years. These efforts fuel the programs that help breast cancer patients every day.
